ALTERNATE BENEFIT PROGRAM

INFORMATION FOR NEW APPLICANTS

A Provider Election and Allocation Form must be completed to identify the investment provider(s) with which you want your contributions invested.

- If you are eligible for immediate vesting, the employer contributions become your property immediately upon investment in your account. You may elect any number of investment providers and designate the percentage (in whole numbers) of the total contributions they each should receive.
- If you are not eligible for immediate vesting, the employer contributions
 do not become your property until the beginning of the 13th month of your
 employment. You may elect only one investment provider.

If you do not file a Provider Election and Allocation Form, the ABP Administrator will enroll you with the investment provider selected as the default provider for the current year.

You must file an application directly with the investment provider(s) you have elected or with the default investment provider if you fail to complete this form. If you fail to do so, you may lose possible revenue from your contributions. Additionally, the provider(s) you elected will return your contributions to your employer and the ABP administrator will enroll you with the default investment provider.

INFORMATION FOR VESTED ABP MEMBERS

ABP members may change their investment provider election and/or allocation once each quarter of the calendar year.
